- Develop children's self-esteem and well-being so that they can become resilient and confident learners;
- Respect the role of parents and carers by building strong, reciprocal and supportive relationships;
- Value and develop all of our staff – they are our greatest resource;
- Work collaboratively with others involved in children's education and their wider life;
- Be reflective in our approach and act on outcomes to continually move forward;
- Set the very highest standards in all that we do.
